

# Art Notecards for Sale

*Stock up on stocking stuffers now!*

We are thrilled to offer for the first time, Art Notecards! Art Notecards are \$15 per pack of 8, and proceeds of card sales will help fund the many programs of Progress. The paintings on each card were lovingly created by people with intellectual disabilities supported by Progress. These little gifts make great stocking stuffers, hostess gifts, and are just beautiful cards to have on hand when a handwritten note is in order. Each box contains 8 blank 4x6 notecards professionally printed on high quality cardstock, with coordinating plum colored envelopes. (Every box contains a variety of the six designs below.) The back of each box includes an insert explaining the program. Art Notecards are packaged in a sturdy clear plastic box, and are ready to be given as gifts or used!
